

The Ultimate Experience

Take the Risk and Fly High! Can you Escape a Helicopter Crash?

This amazing experience will challenge you to escape a helicopter underwater, operate a fast rescue craft at sea, fight a fierce fire, escape from a burning building and fly by helicopter to a mystery location. The highest bidder will have the opportunity to take 11 guests to feel the adrenalin rush for two action packed days!

IFAP's Centre for the Management of Major Hazards provides world-class training and practical experience for a variety of life-threatening emergencies located on the water in North Fremantle. You will experience the best this state-of-the-art facility.

The prize package will begin with a day of Sea Survival and Helicopter Underwater Escape Training (HUET). IFAP's experienced trainers will take you on numerous helicopter ditches in a helicopter underwater escape simulator and conquer various sea survival activities. The rest of the day will be spent in the fast rescue craft out in the harbour and into the ocean where you will learn how to operate the craft and deal with emergency situations.

Day two will involve fighting fires at the fire pad and working as a team to find your way out of a smoke filled building blind folded! This will be followed by a joy helicopter ride to a mystery location.....

After two days of high intense activity you'll be begging for more!

All meals will be provided. We recommended you plan this on a weekend in summer, 4 weeks notice is required.

Note: All guests must have a current medical clearance form. This can be organised through IFAP.

Value: Priceless
